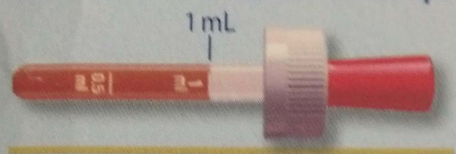
HOW TO USE THE ENCLOSED DROPPER:

Fill the dropper to the 1 mL line to provide the full daily dosage. Use full dosage, regardless of age or weight, unless your child's doctor recommends a different dosage. Dispense with a single squeeze of the dropper bulb. It is normal for a small amount to remain in the tip.



Dosing Tips:

Drops may be given by dispensing directly into the mouth. Drops may also be mixed with formula, fruit juice, cereal or other foods to increase your child's acceptance.

Ask your child's doctor about Tri•Vi•Sol® Drops.

This product comes with a child-resistant cap. Refrigeration not required. After opening, store away from direct sunlight.

WARNING: As with medicines, keep out of the reach of children.

Enfamil®

Tri·Vi·Sol®

Essential Vitamins for Infants

Vitamins A, C & D Supplement Drops

Enfamil® Tri•Vi•Sol® Vitamin Drops provide Vitamin D as recommended by the American Academy of Pediatrics for the exclusively and partially breastfed infant and for infants and toddlers who consume less than one quart of milk or formula per day.

Tri•Vi•Sol Drops are specially designed to help meet the nutritional needs of your growing infant.

- One daily dose of Tri•Vi•Sol Drops provides vitamins A, C and D and is fruit flavored.
- Drops are lactose-free, gluten-free, and free of artificial sweeteners.
- As your baby grows, try Enfamil Poly•Vi•Sol® Drops. They are an ideal multivitamin supplement during your child's transition to solid foods, during growth spurts, or for the picky eater.

Enfamil is the #1 Vitamin Drops brand recommended by pediatricians
