New BULLNOX™ is the world's first Pre-Workout Neuroendocrine & Nitric Oxide (NOX) Intensifying drink mix with a "Super-Set" formula whose effects are intended to change with each set that you perform.†

Your neural, endocrine and NOX systems work together to regulate the output of androgens such as testosterone. Each system can be severely taxed by chronic, fatiguing exercise. In turn, this can stash the muscle-building potency of your pumps. Like a whirlwind whips the desert sand, delicious new BULLNOX™ excites a 3-part neural, endocrine and NOX "androrush" that is unlike anything you have ever experienced before. Through the power of BULLNOX™, every muscle now has the potential to pump up larger and its strength last longer than would otherwise be possible.†

WARNING: Not Intended for use by persons under age 18. Do not exceed recommended dose. Do not use if pregnant or nursing. Do not consume synephrine or caffeine from other sources, including but not limited to, coffee, tea, soda and other dietary supplements or medications containing phenylephrine or caffeine. Do not use for more than 8 weeks. Consult with your physician prior to use if you are taking medication, including but not limited to MAO inhibitors, antidepressants, aspirin, nonsteroidal anti-inflammatory drugs or products containing ephedrine, pseudoephedrine, or other stimulants. Consult your physician prior to use if you have a heart, kidney or thyroid condition, including but not limited to hypertension, coronary artery disease, angina, epileptic disorders, difficulty urinating, diabetes, high blood pressure, cardiac arrhythmia, recurrent headaches, enlarged prostate or glaucoma. Discontinue 2 weeks prior to surgery or if you experience rapid heart beat, dizziness, severe headache or shortness of breath.

Feel the new BULLNOX™ Super-Set formula working set by set! Its ingredients were chosen on the basis of their potential to support:

- Immediate "Neural Energy": Feel BULLNOX™ working by the first set!
- Unbeatable "Strength-Endurance": Lift more weight for more reps without gassing!†
- "Cardiovasomuscular Dilation": Watch your tissues expand as you train!
- "Endocrine Ignition": Without the risk of hormonal side effects.†
- "Anabolic Solidification": Make sure every second of training yields solid muscle gains!

BULLNOX™ is engineered to maximize training-induced muscular adaptations when partnered with new BULLRISH™, the world's first and leading recoverator! Use BULLRISH™ during and/or after work outs to replace cellular substrates, compress recovery time and grow faster!†

BETANCOURT NUTRITION

BULLNOX™

ANDRORUSH

Super-Set Formula with Amino Nitrates

Testosterone Igniter†

PRE-WORKOUT NEUROENDOCRINE & NOX INTENSIFIER†

SUGAR FREE
Orange

POWDER
DIETARY SUPPLEMENT

Net WT. 22.33 oz
(633 g)

THE WORLD'S FIRST NEUROENDOCRINE & NOX MIX!

RECOMMENDED DOSAGE:

Bodybuilders and Athletes: As a dietary supplement mix 1 scoop (18.1 g) thoroughly in 12 oz of water and consume 30 minutes pre-workout on an empty stomach.

Feel new BULLNOX™ working with you set by set!

Set 1 ("Andro Stimulation"):
Purpose: Support the naturally occurring testosterone response to exercise and amplify it to support a more anabolic response.† The Andro Stimulation also further enhances the Pump response to exercise.†

Set 2 ("Neuro-Emotive Energy"):
Purpose: Support overall neurological performance and motivation by enhancing cognitive function and decreasing the muscular pain associated with exercise.† Will also enhance and sustain energy levels during exercise without overstimulation or a drop off in performance.†

Set 3 ("Cardiovasomuscular Dilation"):
Purpose: Increase nitric oxide (NOX) levels, blood flow and dilation/vascularization of cardiovascular and muscular tissues; improve quality of pumps (faster onset, harder).†

Set 4 ("Strength-Endurance"):
Purpose: Enhance strength and power levels (decreasing 1 rep maximum).† Also boosts endurance by reducing blood lactates to increase your ability to perform multiple repetitions.† The formula is designed to maximize power output while minimizing water retention.†

Set 5 ("Anabolic Solidification"):
Purpose: Increase protein synthesis; enhance exercise -induced muscle hypertrophy; increase muscle size and hardness.†

SUPPLEMENT FACTS

Serving Size: 1 Scoop (18.1 g) Serving per Container: 35

Amount per serving	% Daily Value*
Calories 50	**Calories from fat 0**
Total Carbohydrate 11 g	4%
Sugars 0 g	
Magnesium (as magnesium oxide & zinc magnesium aspartate (ZMA™)) 1250 mg	30%
Zinc (as zinc oxide & zinc magnesium aspartate (ZMA™)) 20 mg	147%
Sodium 10 mg	<1%
Potassium 50 mg (as potassium citrate & potassium glycerophosphate)	<2%
***BULLNOX™ Pre-Workout Formula* Strength-Endurance** 18,100 mg	**

Glucose Polymers, L-Taurine, Beta-Alanine, Di-Creatine Malate, Creatine Ethyl Ester HCl, Creatine Monohydrate, Medium Chain Triglycerides (MCT), Cor-excipient 418

Neural Energy
Glucuronolactone, Anhydrous Caffeine, N-Acetyl-L-Tyrosine, Guarana (seed), Yerba Mate (leaf), Kola (nut), Cocoa (bean), Tea (leaf), Kola (nut) (Theobroma cacao) (seed), Cocoa (Theobroma) (Theobroma cacao) (seed), Dhwa aromatium extract (min. to 10% synephrines) (fruit)

Cardiovasomuscular Dilation
L-Citrulline, L-Tyrosine AKG™, L-Histidine, L-Arginine Alpha Ketoglutarate (AKG), L-Arginine HCl, Creatinine AKG™

Anabolic Solidification
Leucine, Isoleucine, Valine, Branched-Chain Amino Acids (BCAA), L-Valine Nitrate™, L-Isoleucine Nitrate™, L-Leucine Nitrate™, Potassium Citrate, Potassium Glycerophosphate, Astaxanthin

Endocrine Ignition
Zinc Oxide, Maca Extract 4:1 (Lepidium meyenii) (root), Tribulus terrestris extract (std. to 40% saponins) (seed), Zinc Magnesium Aspartate (ZMA™), Ashwagandha (Withania somnifera) (root), Fenugreek (Trigonella foenum-graecum) (seed), Tribulus (sagittatum) (std. to 40% saponins), Dodder seed extract (std. to 4% flavonoids), Cinchona monosperm extract 4:1

Pre-Launch
Bioperine® Black Pepper extract

* Percent Daily Values are based on a 2,000 calorie diet.
** Daily Value not established ***Alpha Ketoglutarate

Other Ingredients: Citric Acid, Natural and nature's equivalent flavors, sucralose, artificial color (may include red #40, yellow #5, yellow #6 (tartrazine), blue#1 and blue#2), silicon dioxide.
