NUTRITIONAL SUPPORT

Essential formulation:
key antioxidants including zinc and lutein

NUTRITIONAL SUPPORT

LUTEIN, KEY ANTIOXIDANTS AND ZINC

DO NOT USE IF PRINTED SEAL UNDER CAP IS BROKEN OR MISSING

FloraGLO® LUTEIN

Lutein is a beneficial pigment found in vegetables such as corn, squash and spinach. Studies have shown that lutein may play an important role in maintaining the health of the macula, in the eye. The macula functions in high-acuity vision.**

The lutein in this formula is extracted from marigold flowers. Lutein works with antioxidant vitamins C, E and A (as beta carotene) to help maintain eye health.** Other essential nutrients such as copper, selenium and zinc are part of this specialized formula.
