Other Ingredients: Gelatin (Bovine), Glycerin, Soy Lecithin, Purified Water, Yellow Beeswax, Natural and Artificial Orange Cream Flavor, Sorbitol, Soybean Oil, FD&C Red #40, Titanium Dioxide, Ethyl Vanillin, FD&C Yellow #6 and FD&C Blue #1

THIS PRODUCT CONTAINS SOY AND FISH OIL (ANCHOVY).

Taron™-Prex Prenatal with DHA capsules is a prescription multivitamin/mineral indicated to provide fish-based DHA supplementation throughout pregnancy, during the postnatal period for both lactating and non-lactating mothers, and throughout the childbearing years. Taron™-Prex Prenatal with DHA may be useful in improving the nutritional status of women prior to conception.

CONTRAINDICATIONS
Taron™-Prex Prenatal with DHA capsules are contraindicated in patients with a known hypersensitivity to any of the ingredients including soy or fish products. Do not take this product if you are currently taking mineral oil, unless directed by a doctor.

WARNINGS
Administration of omega-3 fatty acids should be avoided in patients taking anticoagulants and in those known to have an inherited or acquired predisposition to bleeding.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6. KEEP THIS PRODUCT OUT OF REACH OF CHILDREN. In case of accidental overdose, call a doctor or poison control center immediately.

PRECAUTIONS
Folic acid alone is an improper therapy in the treatment of pernicious anemia and other megaloblastic anemias where vitamin B_{12} is deficient. Folic acid in doses above 0.1 mg daily may obscure pernicious anemia in that hematologic remission can occur while neurological manifestations remain progressive.

The patient's medical conditions and consumption of other drugs, herbs, and/or supplements should be considered.

DRUG INTERACTIONS
Taron™-Prex Prenatal with DHA capsules is not recommended for and should not be given to patients receiving levodopa because the action of levodopa is antagonized by pyridoxine. There is a possibility of increased bleeding due to pyridoxine interaction with anticoagulants (e.g., Aspirin, Heparin, Clopidogrel).

ADVERSE REACTIONS
Allergic sensitization has been reported following both oral and parenteral administration of folic acid.

DESCRIPTION
Taron™-Prex Prenatal with DHA is a maroon, oblong softgel capsule imprinted with "T543".

DIRECTIONS FOR USE
Take one softgel capsule by mouth daily or as prescribed by a physician.

HOW SUPPLIED
Taron™-Prex Prenatal with DHA is dispensed in bottles of 30 softgel capsules.

Product Code: 13811-543-30

STORAGE: Store at 20°-25°C (68°-77°F), excursions permitted to 15°-30°C (59°-86°F) [See USP Controlled Room Temperature].
