turn the tide on plastic

#CleanSeas

XYMOGEN is committed to reducing the amount of plastics used throughout our business, particularly in the packaging of our products. With our participation in the United Nations Environment Programme Clean Seas initiative, we strive to positively decrease our environmental footprint, providing results that can ultimately:

» Help free the ocean of litter, making it safer for millions of marine animals.

» Reduce the use of non-renewable resources.

» Keep wild-caught seafood healthy and safe to eat.

» Protect maritime economies such as organic fishing, tourism, and recreation.
