Provides live microorganisms that temporarily modify gut flora.

Children's ProBio SAP™ supplies a high-dose, multistrain probiotic blend to promote a wide spectrum of gastrointestinal and immune health effects during childhood development.*

All ingredients listed for this product lot number have been tested by a third-party laboratory for identity, potency, and purity.

Directions for use: Children 1 year and older: Take 2 scoops daily (250 mg) in cold food and consume immediately or as directed by your healthcare practitioner. If you are taking antibiotics, take this product at least 2–3 hours before or after them. **For younger children:** Consult a healthcare practitioner for directions.

Contains no: Gluten, wheat, corn, eggs, yeast, citrus, preservatives, artificial flavor or color, or sugar.

Cautions and warnings: Consult a healthcare practitioner prior to use if you have nausea, fever, vomiting, bloody diarrhea or severe abdominal pain. Discontinue use and consult a healthcare practitioner if symptoms of digestive upset (e.g. diarrhea) occur, worsen, or persist beyond 3 days.

Contraindications: This product has come into contact with milk and soy. Do not use if you have a milk or soy allergy, or an immune-compromised condition (e.g. AIDS, lymphoma, patients undergoing long-term corticosteroid treatments).

This product is non-GMO.

Do not use if seal is broken. Keep out of reach of children.

Keep refrigerated

Color and smell may vary from one lot to another.
