Directions: Take one or more packets daily as a dietary supplement. One packet with breakfast and one with dinner will provide a continual supply of the water soluble B Complex and C vitamins throughout the day and night.

The tablets in this package may change colors. The potency and purity are in no way affected.

Multi Minerals are formulated to help maintain normal bone and tooth development and cell growth.†

Vitamin C is necessary for the formation of collagen protein found in skin, connective tissue, cartilage and bone; it is also an antioxidant nutrient, is essential for wound healing and aids in immune responses.†

Vitamin E helps with antioxidant protection for fats and cholesterol.†

Vitamin C and E can be oxidized in the process of normal metabolism. This oxidation has the potential to damage cellular structures. The Oxy Max Blend helps to keep vitamins C and E in a co-ripled state, providing all of the value of these vitamins without the harmful effects of oxidation.†

†These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure, or prevent any disease.

†Manufactured under the exclusive Earth Span® process which has been verified by independent laboratory tests for the gradual release, absorption, and retention of the water soluble B and C vitamins over a prolonged period of time (up to 24 hours).

KEEP OUT OF REACH OF CHILDREN. DO NOT USE IF SAFETY SEAL UNDER CAP IS BROKEN OR MISSING.

No sugar, starch, salt, yeast, artificial coloring, flavoring, or preservatives added. Components in this product are derived from natural sources. Natural protective coating added.

Store at controlled room temperature between 50°F and 86°F to maximum freshness. Do not refrigerate.
