Those who experience nausea or reflux from other fish oils should find this enteric coated, odor controlled softgel easier to digest.

heavy metals like mercury.*

The Omega-3 Fatty Acids (FAs) abundant in fish oils are known for their many health benefits associated with their ability to support a healthy, balanced inflammatory response. Numerous scientific studies have demonstrated that Omega-3 FAs are important for the modulation of prostaglandin and leukotriene synthesis. These two classes of signaling molecules are critical for the maintenance of cardiovascular health, immune system function, and joint comfort. In addition, Omega-3 FAs are essential for the health of neuronal tissues, including the brain, and have been shown to play a role in both mood and cognition. Emerging evidence also indicates that Omega-3 FAs may be important in the maintenance of healthy body composition through a number of mechanisms. Stringent quality control standards ensure this highly purified fish oil concentrate is free from toxic environmental contaminants and

scientific evidence supporting the claim, the evidence is not conclusive.

† Consumption of Omega-3 fatty acids may reduce the risk of coronary heart disease. FDA evaluated the data and determined that, although there is

SUGGESTED USAGE: As a dietary supplement, take 1 softgel 1 to 3 times daily with meals.
