Usage: take 1 tablet three times per day with meals, or as recommended by your health care professional.

DiosVein™ is a natural product made from oranges, and contains the naturally occuring citrus flavonoids Diosmin and Hesperidin. Diosmin has been shown to enhance anti-oxidant status by raising levels of the critical antioxidant glutathione. Diosmin protects capillary integrity by reducing permeability. Also, Diosmin restores vein elasticity by improving venous tone. These beneficial actions result in an improvement in circulation, reduction of swelling, and reduction of spider veins. This Diosmin Vein Support formulation also contain other synergistic nutrients known to enhance the circulatory and antioxidant actions of Diosmin.
