OMEGA MEMORY with CURCUMIN

1000 mg Omega-3 + 400 mg Optimized Curcumin

With Phosphatidylcholine and Huperzine A for memory and cognition*

Superior Triglyceride Form

NON GMO VERIFIED | THIRD-PARTY PURITY TESTED

Dietary Supplement | 975 mg Soft Gels | 60 Count

The cause of declining cognitive function is multifaceted, and so is the solution. Nordic Naturals Omega Memory is a synergistic formula designed to help protect, rebuild, and restore an environment that can promote the optimal structure and function of brain cells, while helping to facilitate the efficient transfer of information throughout the brain.*

Wild caught. Pure. No fishy aftertaste. Friend of the Sea certified.

Every batch of Nordic Naturals fish oils is tested by a third-party certified lab for environmental toxins, including heavy metals. All fish oils are in the triglyceride form and surpass the strictest international standards for purity and freshness. Certificates of Analysis available upon request.

Suggested Use: Two soft gels daily, with food, or as directed by your health care professional or pharmacist.

Store in a cool, dry place, away from sunlight. Do not take if tamper-evident seal is broken or missing. Product protected by U.S. patent #s 6346231 & 6641837, & Longvida Patents US9192644, EP 1993365. Keep out of the reach of children.

Nordic Naturals products are never sold under any store brand

Warning: Consult with your physician before using this product if you are pregnant or lactating, are allergic to iodine, anticipate major surgery, or are currently taking any prescription drugs.

Rev. D.01

The cause of declining cognitive function is multifaceted, and so is the solution. Nordic Naturals Omega Memory combines the omega-3s EPA and DHA with phosphatidylcholine to support the structure and function of brain cells.* Optimized curcumin and huperzine A facilitate the efficient transfer of information throughout the brain and help protect neurons and their support cells from overactivity.*

Together all four nutrients work to help protect, rebuild, and restore an environment that can promote the optimal structure and function of brain cells while shielding the brain from oxidative stress.*

Wild caught. Pure. No fishy aftertaste. Friend of the Sea certified.

Every batch of Nordic Naturals fish oils is tested by a third-party certified lab for environmental toxins, including heavy metals. All fish oils are in the triglyceride form and surpass the strictest international standards for purity and freshness. Certificates of Analysis available upon request.

Science-Based Research. Bioavailability Breakthrough.

Neuroscientists at UCLA have developed a patented delivery system to improve the way curcumin is assimilated into the human body. Solid Lipid Curcumin Particle technology (SLCP™) is responsible for the bioavailability breakthrough of optimized curcumin. This form, which is used in Omega Curcumin, is better absorbed (more than 65 times as measured by the Cmax method and 285 times as measured by the AUC normalized method), and promotes curcumin levels in the blood that are sustained for a longer duration, compared to other forms of curcumin.

Over 65X Better Absorbed

Comparison of Optimized Curcumin in Bioavailability Studies[1]
