GNC QUALITY COMMITMENT

GNC, the leader in the development and manufacture of dietary supplements, is committed to producing the highest quality products available. This commitment begins with quality designed supplement formulations. Every raw material that goes into a GNC supplement is guaranteed as to quality and potency. Each product is dated and then shipped immediately to our stores, so you can be sure you are purchasing the freshest supplements available. At GNC, we extend our quality commitment to you by offering our money-back guarantee.

GNC GUARANTEE

Use any GNC supplement for as little as 10 days. If you are not 100% completely satisfied, return the unused portion of the product with proof of purchase to your GNC store for a complete refund of your purchase price. No questions asked!

Please recycle this box.

Fish oils naturally provide the heart-healthy omega-3 fatty acids EPA (Eicosapentaenoic Acid) and DHA (Docosahexaenoic Acid). One enteric coated softgel capsule features a total of 900 mg of omega-3 fatty acids; 647 mg of EPA and 253 mg of DHA, three times the strength of GNC's regular Fish Oil. ^The enteric coating allows the softgel capsule to break down and absorb in the small intestine. This controls or reduces the fishy burps.

A landmark study involving over 11,000 participants has confirmed the major benefits of fish oil on cardiovascular health. The omega-3 fatty acids found in fish oil are necessary for heart health.* They help support normal, healthy cholesterol levels and are necessary in the maintenance of normal blood pressure.* Individually, EPA is important for circulatory system health, and DHA provides support for healthy triglyceride levels.*

In addition to the numerous heart health benefits, fish oil also:

- Supports joint and skin health*
- Supports the body's natural anti-inflammatory response*
- Supplies DHA which is required for optimal eye and brain function*

GNC Triple Strength Fish Oil has been purified and manufactured for freshness and found to be free of detectable levels of mercury, cadmium, lead and PCBs. We use only the best quality ingredients derived from wild, deep ocean fish.

* These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

TRIPLE STRENGTH FISH OIL

DIETARY SUPPLEMENT

- 900 mg total omega-3 fatty acids in a single softgel
- May reduce the risk of coronary heart disease*
- Helps maintain healthy cholesterol and blood pressure*
