Today's men are looking for products that enhance their lives in everything they do: products that increase energy, strength, endurance, stamina, and sexual function. Because men have specific nutritional needs, Protocol® Virility was developed to satisfy these important requirements.

Protocol® Virility contains a very powerful extract of *Eurycoma longifolia*, known as Tongkat Ali or Long Jack, and studies have demonstrated its distinctive support for the male reproductive function and healthy testosterone levels already within the normal range.\*

For fortification, we've also included Vitamin B-6, Magnesium, Zinc, and Eleuthero (an adaptogen).

#### Cautions and Interactions

No interactions or contraindications are known with this product at the suggested level of intake.

#### Guaranteed Quality

This is an FDA-regulated dietary supplement that is produced in an FDA- and third party-inspected facility. We are certified for producing dietary supplements and USDA Organic products using Good Manufacturing Practices (GMP). All ingredients are quality tested to meet or exceed specifications. Our quality team goes above and beyond standard quality control to ensure the safety and efficacy of this supplement. We utilize advanced analytical and microbiological testing methods, with capabilities that are state-of-the-art and exceed basic lab requirements.
