EXCELLENT SOURCE OF FIBER (FIBERSOL®-2)

SUGGESTED USE: Take 1-2 scoops daily with 10-12 ounces of cold water or your favorite beverage. For best results, take 1 scoop before and after workouts.

For a delicious low-glycemic alternative, try blending 1 scoop of PW-30™ and 10-12 oz. of nonfat milk (adding 8 grams of whole milk proteins to your daily diet) and 1/2 cup of unsweetened cherries.

It is important to drink an additional 12 - 20 oz. of water within 1 hour after ingesting a protein drink to aid in digestion.

WHAT IS PW- 30™?

PW- 30™ is a specific blend of 4 high quality natural proteins from Whey Isolate, Whey Concentrate, Potassium Caseinate, and Egg Albumin providing an "extended release" protein profile. The different absorption rates for the proteins allow for a more extended "feeding time" and a more complete amino acid pool for the working muscles.†

WHAT DOES PW- 30™ CONTAIN?

PW- 30™ contains a full spectrum vitamin mineral blend to aid in muscle nourishment as well as a digestive enzyme complex to ensure maximum digestion and alleviate bloating, commonly associated with protein. **PW- 30™** is high in branch chain amino acids and contains 7 Grams of Glutamine for maximum recovery.†

WHY IS CLA ADDED?

Conjugated Linoleic Acid (CLA) works to block certain enzymes that let fat cells swell. This process helps control our bodies weight.†

PROTEIN SOURCE

40%	Whey Proteins
10%	Soy Peptides
8%	Protein Enriched Flavors
4%	Free Form Amino Acids
2%	Egg Albumin
2%	Potassium Caseinate

WARNING: KEEP OUT OF REACH OF CHILDREN. Consult a physician before using this product. Store in a cool, dry place 15°-30°C (58°-86°F). Do not use if tamper-evident seal is broken.
