60Vcaps®

A Dietary Supplement

SUGGESTED USAGE: As a dietary supplement, take 1 vcap® 2 to 3 times daily or as directed by a health care professional.

Ortho Dophilus™ is a combination of 8 different species of beneficial bacteria designed to support gastrointestinal health and assist healthy growth of antibodies and bifidus. Because this capsule is enteric coated, Ortho Dophilus™ delivers its microflora directly to the intestine bypassing the harsh acidic conditions of the stomach. Ortho Dophilus™ is stable at room temperature, requiring no refrigeration.

Do Not Eat Freshness Packet. Keep in Bottle.

Store in a cool, dry place. Please Recycle.

*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

Contains trace amounts of soy protein (peptides) and lactose (milk). Does not contain milk protein.

CODE P2912

V5

Ortho Dophilus™ is a unique combination of 8 different species of beneficial bacteria designed to support gastrointestinal health and proper immune system functions.* This is important, because we live in an era where we are exposed to a variety of challenges from environmental toxin to invasion from undesirable particles.

Beneficial bacteria (often called probiotics) such as *Acidophilus* and *Bifidus*, act to rebuild and maintain healthy flora in the gastrointestinal tract.* They are also helpful in aiding proper digestion and detoxification. The addition of FOS is used to support healthy intestinal flora, providing them with nutrients.*

Because each capsule is enteric coated, Protocol for Life Balance™ Ortho Dophilus™ delivers its microflora directly to the intestine, bypassing the harsh acidic conditions of the stomach. Ortho Dophilus™ requires no refrigeration, though that might increase long-term potency. Four billion organisms guaranteed at expiration.

Cautions and Interactions

A laboratory study suggests that *L. acidophilus* may affect the metabolism of sulfasalazine, a medication used to treat ulcerative colitis. The significance of this information is unknown at this time.

Guaranteed Quality

This is an FDA-regulated dietary supplement that is produced in an FDA- and third party-inspected facility. We are certified for producing dietary supplements and USDA Organic products using Good Manufacturing Practices (GMP). All ingredients are quality tested to meet or exceed specifications. Our quality team goes above and beyond standard quality control to ensure the safety and efficacy of this supplement. We utilize advanced analytical and microbiological testing methods, with capabilities that are state-of-the-art and exceed basic lab requirements.
