Serving Size: 1 Scoop (17.5g)	Serving Per Container: 40	
	Amount Per Serving	% Daily Value
Calories	50	
Total Carbohydrates	8	1%
Sugars	0	*
Vitamin B-4 (Pyridoxine HCl)	10mg	500%
Sodium	150mg	5%
Phosphates	200mg	25%
Muscle Recovery™	17,000mg	
Proprietary Anabolic/Anti-Catabolic Recovery Aid		*
Hi-Tech Anabolic/Anti-Catabolic Matrix		
L-Ornithine Ethyl Ester HCl, L-Ornithine Alpha-Ketoglutarate, Glycine, L-Arginine-Alpha-Ketoglutaric Acid, Alpha-Ketoglutarate, L-Arginine HMB		
Hi-Tech Muscle Cell Volumizing and Work Performance Technology		
Creatine, Creatine Phosphate, Betanin, Creatine HCl, Creatine HCl Phosphate, Creatine Ethyl Ester HCl, Creatine Monohydrate, D-Creatine Malate, Creatine ARG, Creatine HMB		
Hi-Tech Growth Hormone Releasing Complex		
L-Arginine Pyroglutamate, Lysine, L-Glutamine ARG, L-Arginine ARG		
Hi-Tech BCAAs and Recovery Rx™		
L-Leucine Ethyl Ester HCl, L-Isoleucine Ethyl Ester HCl, L-Valine Ethyl Ester HCl, L-Glutamine Ethyl Ester HCl		
* Daily Value Not Established		
Other Ingredients: malodestins, natural and artificial flavors, stevia acid, Naturally Sweet™		
Directions:		
Recommended Use On Training Days		
Dose #1-Mix 1 scoop with 8 oz of cold water and consume immediately after training. Dose #2-Mix 1 scoop with 8 oz of cold water and consume 3-4 hours after training or immediately before bedtime, whichever is sooner. You may vary the amount of water to achieve your desired flavor and sweetness level.		
Recommended Use On Non-Training Days		
Dose #1-Mix 1 scoop with 8 oz of cold water and consume in the morning. Dose #2-Mix 1 scoop with 8 oz of cold water and consume 8 hours after initial dose with bedtime.

Muscle Recovery-Rx™ is a proprietary Anabolic/Anti-Catabolic Recovery formula that incorporates 20 state-of-the-art science compounds in an optimally precise, post-workout and nighttime formula for bodybuilders and athletes who want to gain muscle and strength. This unique formulation is designed to take advantage of the "open windows" at the muscle cell level by placing key anabolic and anti-catabolic compounds in line for shuttling into and within muscle cells.

Muscle Recovery-Rx™ incorporates into its formulation:

- Hi-Tech Anabolic/Anti-Catabolic Matrix
- Hi-Tech Muscle Cell Volumizing and Work Performance Technology
- Hi-Tech BCAAs and Recovery-Rx™
- Hi-Tech Growth Hormone Releasing Complex

Muscle Recovery-Rx™ saturates your muscles with important recovery and growth compounds and facilitates increased shuttling of amino acids and other key nutrients into muscle cells, which creates catabolic interference (anti-proteolysis) and accelerated anabolism. **Muscle Recovery-Rx™** moves muscle cells transition from a recovery to a growth phase as soon as it is metabolically possible.

Muscle Recovery-Rx™ - When you need optimal, post-workout muscle cell relief!
