or prevent any disease.**

Directions: For adults, take one (1) to two
(2) capsules daily, preferably with a meal.

Amino Acids are important components
of protein.* L-Tyrosine is an amino acid
that helps form the bioactive factors
vital to cellular growth and
maintenance.* L-Tyrosine is also used
by the body to help synthesize and
balance thyroid hormones, and is
essential for general health and the
support of many body processes.*

WARNING: If you are pregnant, nursing or taking
any medications, consult your doctor before use.
Discontinue use and consult your doctor if any
adverse reactions occur. Keep out of reach of
children. Store in a cool, dry place. Do not use if
seal under cap is broken or missing.
