

What are Probiotics?

Probiotics work to keep a healthy balance of intestinal flora. They reduce the amount of harmful bacteria by replenishing and maintaining the “friendly” bacteria.* The depletion of “good” bacteria can occur as a result of poor diet, taking certain antibiotics, stress, food poisoning, travelers' diarrhea or poor overall digestive health.

What is GNC Ultra Probiotic Complex 25?

The cultures in Ultra Probiotic Complex 25 have been clinically shown to replenish healthy bacteria in the digestive tract.* Each convenient packet provides 25 billion live and active cultures of Lactobacillus acidophilus and Bifidobacterium.

Why take GNC Ultra Probiotic Complex 25?

With the first dose, Ultra Probiotic Complex 25 improves the balance of beneficial flora in the digestive tract.* These probiotics help reduce bloating and stomach discomfort, aid in improving regularity and support a healthy immune system.*

Ultra Probiotic Complex 25 has been tested to ensure delivery of the full 25 billion cultures are live and active when used by the expiration date.
