LYC~O~MATO®

PROTOCOL
FOR LIFE BALANCE™

SUGGESTED USAGE: As a dietary supplement, take one softgel daily, preferably with meals.

Natural Lycopene is a powerful antioxidant, colorized and the characteristic red color.* Clinical studies have indicated that natural Lycopene works through a number of mechanisms to support cardiovascular health and immune function.* In addition, epidemiological studies have determined that natural Lycopene may be particularly important for the support of prostate health, as well as for the health of the digestive tract.* One softgel of Protocol For Life Balance™ LYC-O-MATO® supplies 20 mg of Lycopene plus the other important antioxidants phytoene, phytofluene, beta-carotene and mixed tocopherols.*

Lycopene is a carotenoid pigment that imparts the red color to tomatoes, guava, rose hips, watermelon and pink grapefruit.* Lycopene is a well recognized antioxidant. Antioxidants neutralize free radicals, which may damage the body's cells.* Research has demonstrated that Lycopene is helpful in supporting cardiovascular health, prostate health, digestive health, and immune functions.*

LYC-O-MATO® is a natural tomato extract that has been shown to have superior bioavailability making it an excellent choice for antioxidant health protection.* One softgel of Protocol For Life Balance™ LYC-O-MATO® supplies 20 mg of Lycopene plus the other important antioxidants phytoene, phytofluene, beta-carotene and mixed tocopherols from tomato extract.*

Guaranteed Quality

This is an FDA-regulated dietary supplement that is produced in an FDA- and third party-inspected facility. We are certified for producing dietary supplements and USDA Organic products using Good Manufacturing Practices (GMP). All ingredients are quality tested to meet or exceed specifications. Our quality team goes above and beyond standard quality control to ensure the safety and efficacy of this supplement. We utilize advanced analytical and microbiological testing methods, with capabilities that are state-of-the-art and exceed basic lab requirements.
