*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

Directions: For adults, take one (1) softgel daily, preferably with a meal.

Vitamin K-2, also known as Menaquinone, supports normal blood clotting in the body.* K-2 also activates enzymes responsible for bone formation.* It helps maintain bone mass and may be more bioactive in promoting bone health compared to the majority of Vitamin K found in the diet.* Unlike synthetic forms of Vitamin K, our K-2 is derived from a unique form of soy known in Japan as natto.

WARNING: If you are pregnant, nursing or taking any medications, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur. Keep out of reach of children. Store at room temperature. Do not use if seal under cap is broken or missing.

MenaQ7[™] is a trademark of NattoPharma, Norway.
