

Mangosteen is often referred to as the “Queen of Fruits”, and is used as a health-enhancing tonic in many tropical regions around the world such as Thailand and Malaysia.* Naturally-occurring xanthones plus added Vitamin C promote antioxidant health and immune system health.* Mangosteen is considered to be ultra-tropical, since it can only grow in very select climates under near-perfect conditions. With the introduction of Good ‘N Natural’s Mangosteen Juice Blend, now you don’t have to travel the world to enjoy the health-promoting benefits of this delectable fruit.*
