No Artificial Flavor, No Sodium.**

***These statements have not been
evaluated by the FDA. This product is
not intended to diagnose, treat, cure or
prevent any disease.**

Directions: For adults, take one (1) softgel three times daily, preferably with meals.

Phosphatidylserine (PS) is a natural substance found in brain cell membranes.* PS plays a role in neurotransmissions and supports brain function.* Some studies show that Phospholipids such as Phosphatidylserine may decline with age. That is why supplementation is so important. Very limited and preliminary scientific research suggests that PS may reduce the risk of cognitive dysfunction in the elderly. FDA concludes that there is little scientific evidence supporting this claim.

Non-Bacterial Processing

WARNING: If you are pregnant, nursing or taking any medications, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur. Keep out of reach of children. Store in a cool, dry place. Do not use if seal under cap is broken or missing.
