Lipanase™ is a dietary supplement of pancreatic enzymes which are specific for fats, proteins, and starches. Units for lipase, a fat-specific enzyme, exceed USP standard for pancreatin. Units for protease (protein-specific) and amylase (starch-specific) meet USP. No agents have been added to the tablet formulation to mask possible undesirable attributes of odor or taste imparted by the enzymes of pancreatin.

Suggested Usage: As a dietary supplement, adults take 1 tablet with each meal. Do not exceed 7 tablets per day. Not intended for chewing. Do not take this product if you are allergic to pork. Children under 12 years of age should not use except on advice of physician.

KEEP OUT OF REACH OF CHILDREN.

For optimal storage conditions, store in a cool, dry place. (59°-77°F/15°-25°C) (35-65% relative humidity) Tamper resistant package, do not use if outer seal is missing.
