

Hematrex® is specially formulated to promote normal venous circulatory health by increasing vein durability, wall strength and elasticity. This promotes normal blood flow and helps keep blood moving through sensitive areas where vein constriction and blood pooling can cause daily—even constant discomfort.

SUGGESTED USE:

Take 2 full droppers in the morning and afternoon before meals.

WARNING: KEEP OUT OF REACH OF CHILDREN. CONSULT YOUR HEALTHCARE PROVIDER BEFORE TAKING IF PREGNANT OR NURSING, OR FOR ANY ADDITIONAL CONCERNS. STORE TIGHTLY CLOSED IN A COOL, DRY PLACE.
