Omega-3 Fish Oil contains EPA and DHA, two fatty acids that help support and maintain the health of your cardiovascular system.* Omega-3 fatty acids are considered one of the “good” fats important for cellular, heart and metabolic health, and help maintain triglyceride levels already within a normal range.*

WARNING: If you are pregnant, nursing, taking any medications or planning any medical procedure, consult your doctor before use. Discontinue use and consult your doctor if any adverse reactions occur. Keep out of reach of children. Store at room temperature. Do not use if seal under cap is broken or missing.

***These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.**
