

CLEANSING: Start by taking 4 capsules with an 8 oz. glass of purified water, on an empty stomach before going to bed. If you do not achieve 3 to 5 bowel movements the following day, increase your serving size by 2 capsules each night until 3 to 5 movements are achieved. Continue this quantity for 7 consecutive days. For maintenance, take this same serving size 2 to 3 times weekly or as desired.[†]

SUGGESTIONS: Drink plenty of pure water to aid your bowel in removing toxins. Oxy-Powder® works with your body's stomach acid (HCl acid). If your level of HCl acid is low, try squeezing juice from an organic lemon wedge in purified water when taking Oxy-Powder®.[†]

WARNING: KEEP OUT OF REACH OF CHILDREN. CONSULT YOUR HEALTHCARE PROVIDER FOR ANY ADDITIONAL CONCERNS. STORE TIGHTLY CLOSED IN COOL, DRY PLACE.
