OSTEO BI-FLEX® WORKS BY PROVIDING THE NOURISHMENT YOUR BODY NEEDS TO BUILD CARTILAGE, LUBRICATE AND STRENGTHEN YOUR JOINTS.*

What Can Osteo Bi-Flex® Do For You?

As we age, the body is less able to maintain the supportive cartilage structures surrounding joints and bones. Glucosamine is a major building block of joint cartilage, which helps to maintain the structural integrity of joints and connective tissues.* Chondroitin is a naturally occurring nutrient found in connective tissue that helps lubricate and cushion joints while supporting the renewal of cartilage.*

What Can I Expect?

There are many factors that play a role in joint health, such as your weight, gender, and genetics. Individual results may vary, but when taken every day as directed, you should expect to see results in as little as 4 to 6 weeks.

- ▶ Promote Mobility*
