**100% Highly Absorbable Calcium Citrate
Plus Vitamin D For Strong & Healthy Bones***

Regular exercise and a healthy diet with enough calcium helps those at high risk, including teen and young adult Caucasian and Asian women, maintain good bone health and reduce their high risk of developing osteoporosis later in life. Adequate calcium is important, but daily intakes of above about 2000mg are not likely to provide any additional benefit. Vitamin D₃ is essential for use of calcium and necessary for healthy bones, teeth and cartilage.*

Directions: Take two (2) to four (4) caplets daily with meals for maximum daily results, or as directed by a healthcare provider. Do not exceed recommended dosage.

Keep out of reach of children. Do not use if product appears to be tampered with or seal is broken. Store at room temperature. Unconditionally guaranteed for purity, freshness and label potency. No Sugar, Salt, Yeast, Preservatives, Artificial Flavors or Colors.
