

Suggested Usage: As a dietary supplement, take 1 capsule 2 times daily.

Super Odorless Garlic is a specially made Japanese product which has been concentrated to yield high amounts of Scordinin, a unique sulfur compound which may be responsible for many of garlic's renowned effects. The other beneficial compounds found in garlic are also preserved through an 18 month aging process.

We have combined our garlic with standardized Hawthorn extract, Hawthorn Berry and Cayenne Pepper for synergistic effects.
