™L-OptiZinc® is a patented product of the InterHealth Corp.

Contains no sugar, salt, starch, yeast, gluten, soy, milk, eggs, shellfish or preservatives.

Vegetarian/Vegan Product.

CODE P3282

V2

The challenges of maintaining healthy seasonal immune responses can have a significant impact on quality of life of many people, yet most are unaware of the importance of nutrition in this area.

Histamine is an important substance derived from the amino acid histidine. Histamine is released in response to injury or other environmental stimuli. Aller-All™ can help to support a healthy histamine response, as well as support other critical immune functions. Moreover, it can be used throughout all four seasons.*

Aller-All™ contains Vitamins B-5, B-6, and Vitamin C, all known for their ability to support immune functions and the inflammatory response system. This formula also contains Magnesium, Zinc, Quercetin (a flavonoid known for its antioxidant benefits), Bromelain (and enzyme from pineapple recognized for its ability to support healthy inflammatory response), and Licorice Root (*Glycyrrhiza glabra*), often used to support healthy stress response, making Aller-All™ a potent combination formula.*

Cautions and Interactions:
Under typical use, there are no expected contraindications. However, some ingredients are associated with rare, but mild stomach and intestinal upset.

Guaranteed Quality

This is an FDA-regulated dietary supplement that is produced in an FDA- and third party-inspected facility. We are certified for producing dietary supplements and USDA Organic products using Good Manufacturing Practices (GMP). All ingredients are quality tested to meet or exceed specifications. Our quality team goes above and beyond standard quality control to ensure the safety and efficacy of this supplement. We utilize advanced analytical and microbiological testing methods, with capabilities that are state-of-the-art and exceed basic lab requirements.
