

**21st Century's® OcuHealth™** is a high-potency vitamin & mineral formula with Lutein, Zeaxanthin, DHA (Docosahexaenoic Acid) and Bilberry Extract. Lutein and Zeaxanthin are the only carotenoids generally found in the eye. Their antioxidant properties and ability to absorb damaging near-to-UV blue light may be why these particular carotenoids are so valuable to eye health. Studies have shown that higher intakes of these carotenoids may be effective for eye health.\*

**Directions:** As a dietary supplement, take two (2) tablets daily, preferably with food.
