Hyla Cass, MD

90Vcaps®

A Dietary Supplement Vegetarian Formula

SUGGESTED USAGE: As a dietary supplement, take 1 Vcap® 3 times daily.

Protocol for Life Balance™ Adrenal Cortisol Support™ is an herbal and natural formula designed to support healthy adrenal function and maintain healthy cortisol levels. The adrenal glands, located on top of the kidneys, produce and release cortisol, the primary stress hormone. When cortisol levels are too high, it can lead to a variety of health problems, including weight gain and difficulty managing healthy blood sugar levels. Adrenal Cortisol Support™ combines adaptogenic herbs with Chromium, Chromium Acid and Relora® to manage energy levels, manage appetite, and support insulin levels when you're feeling more stressed.

*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

Warning: Do not take a pregnant or lactating. Do not take if currently taking any other medications or supplements. Consult your physician before use, without consulting your physician. Keep out of the reach of children.

Do Not Eat Freshness Packet. Keep in Bottle.

Vegetarian/Vegan Product.

Contains no sugar, salt, yeast, wheat, gluten, milk, egg, shellfish or preservatives.

Vcap® is a registered trademark of C-Optimal. Store in a cool, dry place. Please Recycle. Relora® is a registered trademark of NPL, LLC. *U.S. Patent No. US 6,602,736.

*Declaration: These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

This product contains an Aged® and oxygen product to enhance protection during storage.

Cortisol is a hormone produced by the adrenal cortex that is produced in response to stress. Cortisol helps to regulate blood pressure and blood sugar levels; it also affects fertility and immune function. Under normal conditions, the adrenals can cope with the demands of life. However, when under chronic stress, the adrenals can become overwhelmed and the negative consequences can be seen, such as a health condition. This is why Protocol for Life Balance™ Adrenal Cortisol Support™ is an exceptional formula designed to support healthy adrenal function and maintain healthy cortisol levels, even in today's world of excessive demands.*

This special product contains Vitamin C and Panthothenic Acid, both of which are known to support adrenal function.* The adaptogens, Holy Basil and Rhodiola have been added to help modulate the body's stress response. In addition, chromium and corosolic acid have been included to help maintain serum glucose levels already within the normal range.* Finally, Relora® (A proprietary blend of plant extracts Magnolia officinalis and Pycnogenon amurensis) has been included to help manage appetite and maintain energy levels.*

Cautions and Interactions
Do not take if pregnant or lactating. Do not take if currently taking any prescription medication or receiving medical treatment without consulting your physician. Keep out of the reach of children. If this formula makes you drowsy due to adrenal exhaustion, take only at bedtime.

Guaranteed Quality
This is an FDA-regulated dietary supplement that is produced in an FDA- and third party-inspected facility. We are certified for producing dietary supplements and USDA Organic products using Good Manufacturing Practices (GMP). All ingredients are quality tested to meet or exceed specifications. Our quality team goes above and beyond standard quality control to ensure the safety and efficacy of this supplement. We utilize advanced analytical and microbiological testing methods, with capabilities that are state-of-the-art and exceed basic lab requirements.
