GNC ULTRA MEGA® GREEN MEN'S VITAPAK® PROGRAM

GNC Ultra Mega® Green Men's Vitapak® Program offers a convenient green foods enhanced nutritional program that combines essential vitamins and minerals with plant and whole food based ingredients to support the optimal health of men. Emerging research suggests that including green foods as part of a healthy nutritional plan can have a variety of health-enhancing effects and can help support overall wellness. This nutrient-dense whole food enhanced multivitamin formula has been designed to supply nutrition for even the most demanding schedules.

- **Ultra Mega® Green Men's Multivitamin** – A green foods multivitamin designed specifically for men. This formula provides a superior blend of vitamins and minerals combined with essential antioxidants, enzymes and phytonutrients found in green foods to help men achieve optimal health. It also provides 1,600 IU of vitamin D-3 to support colon and bone health. This premium multivitamin formula also includes a B vitamin complex to support energy production, as well as antioxidants for protection from harmful free radicals that can destroy healthy cells.*
- **Omega Complex** – A healthy blend of omega 3, 6 and 9 fatty acids per daily serving. This blend includes EPA and DHA, essential omega-3 fatty acids known to support brain and joint health.* Daily supplementation of omega-3 fatty acids also provide numerous heart-health benefits.* They help to maintain healthy cholesterol levels, are necessary in the maintenance of normal blood pressure and may reduce the risk of coronary heart disease. Consumption of omega-3 fatty acids may reduce the risk of coronary heart disease. FDA evaluated the data and determined that, although there is scientific evidence supporting the claim, the evidence is not conclusive.
- **Staminol™** – A powerful herbal formula featuring L-arginine, maca, horny goat weed and yohimbe to help support male sexual health.* It also contains saw palmetto and other premium ingredients to support normal prostate function and healthy urinary flow.*
- **Standardized Green Tea** – Each pack supplies 125 mg of EGCG, a major active component of green tea that supports metabolism and an antioxidant that can promote cell health by helping fight off free radicals.*
