GNC QUALITY COMMITMENT
GNC, the leader in the development and manufacture of dietary supplements, is committed to producing the highest quality products available. This commitment begins with quality designed supplement formulations. Every raw material that goes into a GNC supplement is guaranteed as to quality and potency. Each product is dated and then shipped immediately to our stores, so you can be sure you are purchasing the freshest supplements available. At GNC, we extend our quality commitment to you by offering our money-back guarantee.

GNC GUARANTEE
Use any GNC supplement for as little as 10 days. If you are not 100% completely satisfied, return the unused portion of the product with proof of purchase to your GNC store for a complete refund of your purchase price. No questions asked!

Men's

GNC ULTRA MEGA® GREEN MEN'S 50 PLUS VITAPAK® PROGRAM

GNC Ultra Mega® Green Men's 50 Plus Vitapak® Program is a convenient green foods enhanced nutritional program that combines essential vitamins and minerals with plant and whole food based ingredients to support the optimal health of older men. Emerging research suggests that including green foods as part of a healthy nutritional plan can have a variety of health-enhancing effects and can help support overall wellness. This nutrient-dense whole food enhanced multivitamin formula has been designed to supply nutrition essential to address the factors of aging.

- **Ultra Mega® Green Men's 50 Plus Multivitamin** – A green foods multivitamin designed specifically for older men featuring a superior blend of vitamins, minerals and natural nutrients to support a variety of men's health needs. This formula contains blends of antioxidants and natural nutrients to support heart and digestive health and promote overall immune functions, as well as a prostate health blend including lycopene, saw palmetto and selenium to support healthy prostate function. It also contains 1,600 IU of vitamin D-3 to support colon and bone health.* Emerging research suggests that adequate daily vitamin D intake may play a role in supporting colon health.*
- **Standardized Ginkgo Biloba** – A natural herb that helps support increased peripheral blood flow and mental sharpness.* Each daily serving provides 120 mg of ginkgo biloba.
- **Omega Complex** – A healthy blend of omega 3, 6 and 9 fatty acids per daily serving. This blend includes EPA and DHA, essential omega-3 fatty acids known to support brain and joint health.* Daily supplementation of omega-3 fatty acids also provide numerous heart-health benefits.* They help to maintain healthy cholesterol levels, are necessary in the maintenance of normal blood pressure and may reduce the risk of coronary heart disease.* Consumption of omega-3 fatty acids may reduce the risk of coronary heart disease. FDA evaluated the data and determined that, although there is scientific evidence supporting the claim, the evidence is not conclusive.
- **CardioAid™ Phytosterols** – Natural plant compounds found in fruits and vegetables that help block cholesterol absorption. Plant phytosterols are clinically shown to reduce cholesterol levels and may reduce the risk of heart disease. *Scientific research shows that 400 mg per serving of free phytosterols taken twice a day with meals for a daily total of at least 800 mg, as part of a healthy diet low in saturated fat and cholesterol may reduce the risk of heart disease. Each daily serving supplies 800 mg of CardioAid™ phytosterols.
- **Standardized Saw Palmetto** – A natural herb that supports healthy prostate function and normal urinary flow. Each daily serving provides 160 mg of saw palmetto berries extract.
