(50% Natural Trans-Resveratrol - 200 mg)	
Red Wine Extract (Alcohol-Free)	10 mg*
(<i>Vitis vinifera</i>) (min. 30% Polyphenols)	
* Daily Value not established.	

Certain populations, such as the French and the Greeks, have a low incidence of coronary artery disease, despite a diet relatively high in saturated fat. It has been suggested that regular consumption of red wine may explain this phenomenon, which is called the "French paradox." Evidence indicates that Resveratrol, a constituent of red wine, may play an key role in this phenomenon.

Resveratrol has been found to exert a number of potentially beneficial effects with respect to cardiovascular health. As an antioxidant, Resveratrol can synergize with CoQ10; it has also been shown to help maintain healthy levels of glutathione.* In addition, Resveratrol has been shown to support a healthy inflammatory response, as well as healthy blood clotting functions through its effects on the COX-2 enzyme.*

Cautions and Interactions

Because Resveratrol has been shown to be an estrogen receptor agonist, women who have had breast cancer, or are at high risk of developing it, should consult with their healthcare practitioner before using this product. Resveratrol may affect NSAIDs and anticoagulant and antipulmonary medications. In addition, Resveratrol may affect drugs metabolized by CYP2C9, CYP3A4, such as statins, calcium channel blockers, anti-arrhythmic agents, anti-inflammatories, benzodiazepines, drugs used to treat erectile dysfunction, and HIV protease inhibitors. Please consult your healthcare practitioner before using this product if you take any of these drugs.

Guaranteed Quality

This is an FDA-regulated dietary supplement that is produced in an FDA- and third party-inspected facility. We are certified for producing dietary supplements and USDA Organic products, among others. Good Manufacturing Practices (GMP). All ingredients are quality tested to meet or exceed specifications. Our quality team goes above and beyond standard quality control to ensure the safety and efficacy of this supplement. We utilize advanced analytical and microbiological testing methods, with capabilities that are state-of-the-art and exceed basic lab requirements.

60Vcaps®

A Dietary Supplement. Vegetarian Formula

SUGGESTED USAGE: As a dietary supplement, take 1 to 3 Vcaps® daily, or as directed by your healthcare practitioner.

Resveratrol is a polyphenol that is naturally found in the skin of red grapes, certain berries, and other plants. Recent research has shown that Resveratrol can support healthy cardiovascular function through its powerful antioxidant properties, as well as through its ability to promote a healthy inflammatory response.* In addition, some studies indicate that Resveratrol may help to maintain healthy platelet function.*
