Sytrinol® **60Vcaps®**
A Dietary Supplement
Vegetarian Formula

SUGGESTED USAGE: As a dietary supplement, take 1 Vcap® twice daily.

Protocol For Life Balance™ Sytrinol® Cholesterol Formula with 150 mg 10 mg Policosanol contains the patented and clinically tested ingredient, Sytrinol®. Sytrinol® is a proprietary formula consisting of polyphenol flavonoids (PMFs) from citrus, palm tocosterols and other proprietary constituents. Studies have shown that Sytrinol® helps maintain cholesterol and triglyceride levels already within the healthy range.* Sytrinol® Cholesterol Formula also contains Policosanol, a blend of long-chain fatty alcohols (LCPA) derived from sugar cane for its synergistic effect. In addition, Milk Thistle and Alpha-Lipoic Acid have been included for their antioxidant effects, as well as to support liver health.* This combination of ingredients makes Sytrinol® Cholesterol Formula an ideal supplement for naturally supporting overall cardiovascular function.

*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease. Do Not Eat Freshness Packet. Keep in Bottle. Store in a cool, dry place. Please Recycle.

Protocol For Life Balance™ Sytrinol® Cholesterol Formula was designed to support cardiovascular health, specifically by helping to maintain serum cholesterol levels already within the healthy range.*

This unique Protocol For Life Balance™ product contains the patented and clinically tested ingredient, Sytrinol®, a proprietary formula consisting of polyphenol flavonoids (PMFs) from citrus, palm tocosterols and other patented ingredients.

This product also contains Policosanol, an extract from sugar cane. Policosanol has been heavily researched in China for its possible beneficial effects on serum cholesterol levels and to positive impact on cardiovascular health. Milk Thistle and Alpha-Lipoic Acid have been included for their antioxidant effects, as well as to support liver health. The combination of ingredients makes Protocol For Life Balance™ Sytrinol® Cholesterol Formula an ideal supplement for naturally supporting overall cardiovascular function.*

Protocol For Life Balance™ Sytrinol® Cholesterol Formula may be an important option for health-conscious people seeking a safe, effective, and convenient solution for maintaining serum lipid levels already within the healthy range, as well as for the support of optimal cardiovascular function.*

Cautions and Interactions

No drug interactions have been observed for Sytrinol®. However, Policosanol may interact with anticoagulant and antiplatelet medications. Milk thistle might may affect the liver's metabolism of some medications.

Guaranteed Quality

This is an FDA-regulated dietary supplement that is produced in an FDA- and third party-inspected facility. We are certified for producing dietary supplements and USDA Organic products using Good Manufacturing Practices (GMP). All ingredients are quality tested to meet or exceed specifications. Our quality team goes above and beyond standard quality control to ensure the safety and efficacy of this supplement. We utilize advanced analytical and microbiological testing methods, with capabilities that are state-of-the-art and exceed basic lab requirements.
