600 mg

PROTOCOL
FOR LIFE BALANCE™

SUGGESTED USAGE: As a dietary supplement, take 2 Vcaps® 1-2 times daily, preferably with meals. Recommended to be taken in combination with CoQ10 and Milk Thistle extract.

Red Yeast Rice is a unique natural product native to China that's been used in Asian traditional medical systems since approximately 800 A.D. Red Yeast Rice is commonly used in cooking to enhance the color and flavor of foods. Protocol For Life Balance™ Red Yeast Rice extract is carefully produced to avoid the presence of citrinin, a sometimes toxic by-product of the fermentation process.

WARNING: Do not use if you are pregnant, may become pregnant, or are breast feeding, because using this product may harm the fetus. Individuals with liver disease or those currently taking any medications should consult with a health practitioner prior to use. Do Not Eat Freshness Packet. Keep in Bottle.

Store in a cool, dry place. Please Recycle.

CODE P3500

0

Used in China for centuries as both a food and an herbal treatment, Red Yeast Rice is made by fermenting a type of red yeast (*Monascus purpureus*) with rice. The use of Red Yeast Rice dates as far back as the Tang Dynasty in China in 800 A.D. More recently, it has been found that this delicate fermentation process produces a high concentration of biologically active compounds.*

Cautions and Interactions

Red Yeast Rice is well tolerated when taken as directed. Do not use in conjunction with cholesterol-lowering medications, during pregnancy or lactation, if consuming more than two alcoholic drinks per day, or if you are under twenty years of age. Individuals with liver disease or taking any prescription medication should consult a physician before taking this product.

WARNING: Do not use if you are pregnant, may become pregnant, or are breast feeding, because using this product may harm the fetus. Individuals with liver disease or those currently taking any medications should consult with a health practitioner prior to use.

Guaranteed Quality

This is an FDA-regulated dietary supplement that is produced in an FDA- and third party-inspected facility. We are certified for producing dietary supplements and USDA Organic products using Good Manufacturing Practices (GMP). All ingredients are quality tested to meet or exceed specifications. Our quality team goes above and beyond standard quality control to ensure the safety and efficacy of this supplement. We utilize advanced analytical and microbiological testing methods, with capabilities that are state-of-the-art and exceed basic lab requirements.
