FOR LIFE BALANCE™

Ortho Thyroid™

- Supports Healthy Thyroid Function*
- Nutrients For Healthy Metabolism*

10% of profits donated for health research

90Vcaps®

A Dietary Supplement

SUGGESTED USAGE: As a dietary supplement, take 2 Vcaps® 2 times daily, on an empty stomach or just before meals.

Glandular imbalances, in particular low thyroid activity, often are linked to slow metabolism, weakened immune function, mood swings, low energy, and weight gain. Ortho Thyroid™ has been carefully engineered to naturally support thyroid and glandular activity, keys to mood and energy. Fueled by a full gram of L-Tyrosine (a direct precursor to the production of thyroid hormones), this blend of B vitamins, zinc, selenium, other trace minerals, and herbal extracts supports normal hormone function.* This one of the most complete thyroid support supplements available.*

*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

Warning: If you are currently taking any thyroid medications, MAO-inhibitors, or any other type of anti-depressant medications, please consult your health care practitioner prior to use.

Do Not Eat Freshness Packet. Keep in Bottle.

Store in a cool, dry place. Please Recycle.

CODE P3368

V2

The thyroid is a small gland, shaped like a butterfly, located in the lower part of your neck. The function of the thyroid is to secrete hormones that regulate metabolic activity. When the thyroid is healthy, metabolic homeostasis is maintained that is, heart rate, body temperature, blood pressure, alertness, and the rate at which the body uses energy are all within the normal range.

Certain nutrients are essential for healthy thyroid function. The most important of these are the amino acid L-Tyrosine and iodine, both of which need to be available in order to synthesize thyroid hormones. In addition, B Vitamins (B6, Folate, and B12) and trace minerals (Zinc, Copper, and Selenium) are necessary for proper thyroid function.*

Protocol For Life Balance™ Ortho Thyroid™ contains a full gram of L-Tyrosine, as well as appropriate amounts of the other nutrients that are critical for the support of healthy thyroid function.* Guggul, Irish Moss, and Ashwagandha are herbal ingredients that have been included for their ability to support endocrine health and modulate the stress response.*

Cautions and Interactions

Warning: If currently taking any thyroid medications, MAO inhibitors, or any other type of anti-depressant medications, consult your health care practitioner prior to use. L-Tyrosine is contraindicated in those with the inborn errors of metabolism alkaptonuria and tyrosinemia type I and type II.

Guaranteed Quality

This is an FDA-regulated dietary supplement that is produced in an FDA- and third party-inspected facility. We are certified for producing dietary supplements and USDA Organic products using Good Manufacturing Practices (GMP). All ingredients are quality tested to meet or exceed specifications. Our quality team goes above and beyond standard quality control to ensure the safety and efficacy of this supplement. We utilize advanced analytical and microbiological testing methods, with capabilities that are state-of-the-art and exceed basic lab requirements.
