## 4X probiotic dietary supplement

**A few words on probiotic bacteria**  
The body needs beneficial bacteria for digestive system health. Bifidobacteria are an important component of the intestinal microflora. As we age, the numbers of Bifidobacteria may be reduced. Other lifestyle factors, such as diet and stress, may also affect the composition of the microflora.

**Directions:** Adults, take one caplet daily. As a reminder, discuss the supplements and medications you take with your healthcare provider. Do not take within two hours of taking antibiotics.

**CAUTION:** If you are pregnant or nursing a baby or if you are taking any medication (including oral contraceptives), or have a medical condition, consult your doctor before using this product.

Keep out of the reach of children. Store at room temperature (68°-78°F).

This statement has not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.
