BALANCE
B COMPLEX

Our Instant Dissolve MicroLingual® Tablets may be small but they are full potency! Typical tablets and capsules need to be swallowed and are inefficiently absorbed in the digestive system. MicroLingual® tablets dissolve immediately under the tongue heading straight into the body. Our proprietary hydrodrying process results in fewer inactive binders and fillers and a higher ratio of nutritional ingredients—hence the small size. They efficiently provide your body with the nutrients you need right now.*

"Less is More"
Simplicity • Purity • Efficiency •

- No pills to swallow
- Place on or under the tongue
- Dissolves immediately on contact
- Preservative free
