****Supportive but not conclusive research shows that consumption of EPA and DHA Omega-3 fatty acids may reduce the risk of coronary heart disease. See nutrition information for total fat and cholesterol content.**

Cholesterol Free fish oil contains EPA and DHA, two Omega-3 fatty acids that help support and maintain the health of your cardiovascular system. Omega-3 fatty acids are considered one of the "good" fats important for cellular, heart and metabolic health and help maintain triglyceride levels already within a normal range.* Nature's Bounty Fish Oil is purified to eliminate heavy metal contaminants such as mercury, PCBs and dioxins. See nutrition information for total fat and cholesterol content.

Marine Lipid Concentrate.
