Manufactured by NOW FOODS, BLOOMINGDALE, IL 60108

SUGGESTED USAGE: As a dietary supplement, take 2 capsules 1 to 3 times daily, preferably with meals.
Bee Pollen is a fine powder that composes the male element of the flower. Honey bees harvesting the pollen instinctively gather only that pollen which is pure and healthy. It is then mixed with flower nectar and bee saliva to form an all-natural and highly nutritious food that contains all twenty-two of the elements composing the human body. It supplies vitamins, amino acids, trace minerals and enzymes in a synergistic balance that provides optimum bioavailability. Look for this and other fine NOW® products in health food stores nationwide.

Bee Pollen Caps

500 mg

100 Capsules

A Dietary Supplement
