Natural color variations may occur in this product.

*This statement has not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

SUGGESTED USAGE: As an herbal dietary supplement, take 2 capsules 1 to 3 times daily.

Pycnogenol® is a concentrated natural extract from the bark of pine trees that grow in the Landes Forest of southwestern France. It is the only species of tree that grows in this 4,000 square mile forest. These pine trees contain concentrated levels of unique flavonoid compounds that support the body's ability to neutralize free radicals. Free radicals (reactive molecules) can inhibit immune functions and expedite the aging process.*
