|-------------------|--------------------------|
| ■ Up to 150 lbs. | 1 Liquid Gel Cap |
| ■ 150 to 200 lbs. | 2 Liquid Gel Caps |
| ■ Over 200 lbs. | 3 Liquid Gel Caps |

If no noticeable improvement occurs within two weeks after starting Inholtra Premium Lubri-Joint, add one additional capsule to the above amount. For example, for the 150-200 lb. weight range, take 3 Quicksorb Gels™ three times a day. The results of INHOLTRA® increase over time, so it is important to continue with the product for at least eight weeks before evaluating results. May be refrigerated after opening. Do not freeze.

DIETARY SUPPLEMENT

Patented Inholtra Premium Lubri-Joint: The next step in the evolution of long-term joint health.

If you suffer from Joint pain you probably already know about Glucosamine, the only supplement clinically proven to repair worn and aching joints*. But if you're taking Glucosamine alone, you're not doing everything you can to relieve the pain. *Inholtra Premium Lubri-Joint* is the next step in the evolution of joint health and it's far more than a simple supplement. *Inholtra Premium Lubri-Joint* integrates the healing power of two types of Glucosamine into a patented synergistic formula containing nine other powerful nutrients:

- **Glucosamine** helps repair and regenerate worn joint tissue, while N-acetyl-glucosamine (NAG) supports your body's ability to reduce inflammation*.
- **Chondroitin** helps regenerate synovial fluid, the lubricant between the joints that cushions friction*.
- **Essential Fatty Acids EPA and DHA, and GLA** (from fish oil) improve blood flow to the joints, which also helps to reduce inflammation*.
- **Natural Vitamin E** is a powerful antioxidant that help prevent free-radical-induced joint tissue damage*.
- **Manganese Aspartate** helps the body synthesize all of these components*.
- **FAST-ACTING LIQUID GEL CAPS** are easier to swallow and, compared to dry tablets, provide faster absorption with less stomach upset.
