Science confirms what athletes have always known: high quality protein intake is linked to muscle size and strength.

MONSTER MILK™ is designed to help you build bigger, stronger muscles while staying lean.\*\*

## 50% MORE LEUCINE MONSTER MILK incorporates L-Leucine and PepForm

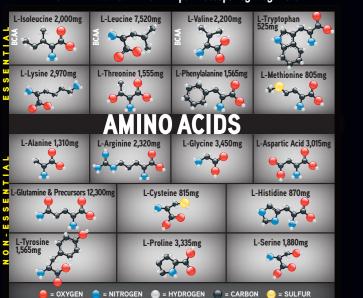

NEW LEANER FORMULA

to drive an industry leading 3:1:1 Ratio of BCAAs

Recent university research shows that Leucine enriched beverages consumed with exercise synergistically activate and prolong activity of mTOR signaling pathway, which increases muscle anabolic potential (muscle growth).\*\*1,2,3 <sup>†</sup> Monster Milk has 50% more Leucine (per gram protein) than typical protein powders.

## TYPICAL AMINO ACID PROFILE per 2 scoops 78g (50g Protein)

DIGESTIVE ENZYME COMPLEX FOR EFFICIENT PROTEIN DIGESTION
AND UTILIZATION\*\*

CARBOHYDRATES TRIGGER INSULIN PRODUCTION WHICH IN TURN HELPS DRIVE AMINO ACID UPTAKE AND UTILIZATION BY MUSCLE TISSUES\*\*

Since we founded CytoSport™ in 1998, we've been dedicated to working with sports scientists, coaches and trainers to redefine protein enhanced products for active lifestyles and serious athletes - supporting performance when it matters. Over the years, we've expanded to create a comprehensive line that encompasses the athletic experience from preparation, to hydration, to recovery. Our products are among the very few that are manufactured in a NSF International GMP for Sport\* Registered facility. Our facilities are also inspected and regulated by the FDA. We carefully manufacture our powder products and ready-to-drink preblends onsite at our corporate campus in Benicia, California.

Making efficacious products for athletes and active lifestyle individuals requires responsibility on all fronts. As our business has grown, so has our footprint. We have made environmental sustainability a focus and driver in everyday decision making. For more, please visit our website.

Through it all, CytoSport has been committed to one thing, building athletes from the inside out.

## DIRECTIONS and USE

MONSTER MILK can be used before workouts, after workouts, or prior to pedtime. Individual nutritional requirements vary depending on gender, body weight, level of activity and exercise/training intensity. CytoSport™ products complement a healthful eating and hydration plan that when combined with a balanced exercise

program, may contribute to healthy weight management and recovery from exercise.

Use as part of a well-balanced diet that includes whole foods and other protein sources.

Do not use this product as your sole source of nutrition.

PepForm™ is a Trademark of Glanbia PLC. Creapure® is a licensed registered trademark of AlzChem Trostberg GmbH Aminogen® is a registered Trademark of Triarco Industries
