STEVIA BALANCE

with Inulin & Chromium

- 900 mg Inulin
- 50 mcg Chromium
- Calorie-Free
- Superior Taste
- Natural Herbal Supplement

A Dietary Supplement
100 Packets Net Wt. 3.5 oz. (100 g)

Since 1968 NOW® has been a dedicated source of high quality, affordable natural foods, vitamins and pure cosmetics. We search worldwide for the best products at the best prices. No compromises, no added costs, no unnecessary frills.

We continue to provide certified organic or natural foods, grains, flours and seeds through health food stores. As a family owned and operated business, we offer the health-conscious consumer three generations of honesty, quality, purity and commitment.

At NOW® –

“We Make Quality Affordable.”

Then God said, “I give you every seed-bearing plant on the face of the whole earth and every tree that has fruit with seed in it. They will be yours for food.”

Gen. 1:29

CODE 6968

This seal certifies that the manufacturer of this product uses quality systems and procedures that comply with NNPA's Dietary Supplement GMP standards. The quality of individual ingredients, however, has not been certified.

HISTORY OF STEVIA

Stevia Rebaudiana is a small plant native to Paraguay and Brazil. It was “discovered” in 1887 by a South American scientist named Antonio Bertoni who learned of the herb from the Guarani Paraguayan Indians who used it to flavor bitter tribal beverages.

Two French chemists named Bridel and Lavielle began to unravel the secret of Stevia in 1931 with exploratory extraction work on *Stevia Rebaudiana* leaves. Their research yielded a pure, white crystalline compound they named “stevioside” which is responsible for stevia’s flavorful properties.

Inulin is a fructooligosaccharide derived from chicory. As a prebiotic it stimulates the growth of friendly intestinal bacteria to support good colon health.* It has a low glycemic index, making it suitable for persons on certain types of restricted diets. Add it to your favorite food or beverage for a delightfully sweet taste.

Chromium is a trace mineral that is significantly reduced in the American diet due to the overprocessing of our foods. It is involved in a number of important bodily functions and is an effective synergist for Stevia and Inulin.

We hope you enjoy our Stevia product and continue to look to NOW® Foods for all your dietary supplement needs.

Stevia Extract is a Dietary Supplement.
