Multiple Mechanisms of Action
• Supports proteosynthetic power in muscle & non-muscle tissues
• The ideal supplement to training and diet for outrageous myo-augmentation
Designed to be addictively delicious by in-house flavor scientists

Each gram of Big Blend™ contains ingredients never before found in a single scoop.
✓ **MULTI-SPECIES PROTEINS:** Big Blend™ prepares your stretched and strained muscle fibers for a "perfect" anabolic storm by feeding them precision-processed proteins extracted from Casein, Milk, Brown Rice and Whey. All have been carefully blended together to protect their bioactivity and shelf life.
✓ **AMINO ACID DERIVATIVES:** Amino acid derivatives like Nitrate BCAA's, N-Acetyl L-Phenylalanine, L-Valine Ethyl Ester HCl, Glutamine Ethyl Ester HCl, L-Leucine Alpha-Ketoglutarate and many more offer unique pharmacokinetic properties of interest to advanced bodybuilding athletes. These ingredients are impossible to obtain from food and are not found in many protein supplements.
✓ **DIGESTIVE STIMULATORS:** Low-calorie, low-glycemic brown rice bran, carbohydrates and enzymes stimulate your digestive tract and help improve the anabolic efficiency of Big Blend's many powerful proteins and amino acids. Big Blend™ even contains Papaya extract and lactase to ease digestion and pave the way for more rapid absorption and muscle-building utilization.

Betancourt formulators sourced Big Blend's ingredients from around the world, country by country, city by city in order to ensure that they could reward you with a long list of features and benefits including but not limited to rapid and sustained increases in tissue essential (EAA) and nonessential amino acid (NEAA) levels, nitrogen balance, nitric oxide production, protein synthesis in muscle and non-muscle tissues, insulin-like growth factor-1 (IGF-1) production, muscle fiber hypertrophy, muscle mass, muscle strength and muscle thickness. Furthermore, to make sure that Big Blend™ makes protein shakes that rapidly quench your appetite every time you drink one, Betancourt developed all of its flavors in-house.

For additional glutamine BCAA's of creatine, take Betancourt's perfectly portable CHEWIES™ with you wherever you go. They're fast becoming North America's favorite "muscle candy" for serious bodybuilding!

- Acetyl, AKG, Ester & Nitrate Amino Acid Derivatives
- Low-Glycemic Carbohydrate
- Protein Hydrolysates
- Brown Rice Bran

Big Multi-Source Blend 32,000mg **

Refined Protein Blend **

Whey Protein Concentrate, Milk Protein Concentrate, Egg Albumin, Whey Protein Isolate, Rice protein, Casein phosphopeptides 19%.

Amino Acid Derivatives Blend **

N-Acetyl L-Phenylalanine, N-Acetyl L-Glutamine, L-Valine Ethyl Ester HCl, L-Phenylalanine Methyl Ester HCl, L-Lysine HCl, L-Leucine Pyroglutamate, L-Leucine Ethyl Ester HCl, L-Leucine Alpha Ketoglutarate, Lactalbumin Hydrolysate, L-Norvaline.

Nitrated BCAA Blend **

L-Leucine Nitrate, L-Isoleucine Nitrate, L-Valine Nitrate.

Glutamine Analogues Blend **

Arginine™ (L-Glutamine Alpha Ketoglutarate 2:1), L-Glutamine Alpha Ketoglutarate.

Big Digestive Enzyme Blend **

Brown Rice Bran, Waxy Maize, Corn Starch Amylopectin, Cellulose Gum, Xanthan Gum, Carrageenan, Papaya (Carica papaya) (fruit), Lactase 100,000 LU/g, Protease 200,000 HUT/g, Papain.

*% Daily Value based on a 2000-Calorie diet
** Daily Value not established

Other Ingredients: May contain caramel, sucralose, natural & nature's equivalent flavor.

Contains: Milk.

RECOMMENDED DOSAGE: Mix 1 serving of BIG BLEND™ with cold water to the desired thickness in a shaker cup or blender. Consume immediately after your weight-lifting workout. Repeat 2 hours later. On days that you don't work out (rest days), consume 1 serving of BIG BLEND™ in the morning and 1 serving before bed.

WARNING: BIG BLEND™ is intended for use as a supplement to the diet only. Do not use for weight loss or as your only source of calories. BIG BLEND™ contains ingredients derived from milk, eggs and rice. Because it is packaged by weight rather than volume, some settling of the contents of this bottle may occur.

MULTI-SOURCE REFINED PROTEIN SHAKE WITH UNSURPASSED ANABOLIC BEHAVIOR!
