L-Valine	1,500 mg (1.5 g)	**

**Daily Value not established.

Ingredients: L-Leucine, L-Valine, L-Isoleucine, Pyridoxine Hydrochloride.

BCAAs may be the most important aminos for athletes and bodybuilders as they are directly involved in protein synthesis at the genetic level.* BCAAs can also be broken down and used as an energy source to fuel exercise as needed.* BCAA Powder supplies a precise, clinically studied ratio of Leucine, Valine and Isoleucine (45/30/25).

BCAA Powder can be taken after training or athletic competition to accelerate recovery and help maximize your genetic potential.*
