NEW! Emulsi-D3™

Bone, Joint & Muscle Support • Immune Support • Multivitamins/Vitamins

Emulsi-D3™ is a concentrated, highly bioavailable liquid vitamin D formulation offering a broad range of dosages and titration possibilities. Unlike most other liquid Vitamin D products available, Emulsi-D3™ is a convenient, pleasant tasting and easily mixed formula.

A natural, self-emulsifying technology allows us to produce a 2,000 IU per drop formula that quickly and completely disperses in liquid. This cutting edge technology provides enhanced bioavailability utilizing **only naturally derived ingredients** that are free of preservatives and synthetic surfactants.

Presented in a 1oz squeeze bottle, Emulsi-D3™ makes dosing vitamin D convenient, as it can be dropped into any beverage or simply on the tongue, and provides accurate dosing (1 drop at a time).

Recommended Use: As a dietary supplement, take one drop daily or as directed by your health care practitioner.

Serving Size: 1 drop

One drop contains:

Vitamin D3 (as Cholecalciferol)

2,000 IU

Other Ingredients: Vegetable glycerin, deionized water, medium chain triglycerides, soybean lecithin.

• EMD1OZ 1 fl oz (30 ml)
