*These statements have not been evaluated by the FDA. This product is not intended to diagnose, treat, cure or prevent any disease.

L-Carnitine is a non-essential amino acid that helps to maintain overall good health by facilitating the transfer of fatty acid groups into the mitochondrial membrane for cellular energy production.* It naturally occurs in red meat and other animal source foods, but we recommend supplementation to obtain optimal levels of this excellent amino acid. NOW® L-Carnitine is the purest form, clinically tested, and vegetarian (non-animal sourced).

SUGGESTED USAGE: As a dietary supplement, take 1 Vcap®

1 to 3 times daily with or without food. Consider taking this product in combination with NOW® Pantethine, CLA and Lecithin.
