Product Information Page

Alpha CRS+®

Cellular Vitality Complex

Made with SLS-free vegetable capsules

Product Description

dōTERRA Alpha CRS+® Cellular Vitality Complex is a proprietary formula combining potent levels of natural botanical extracts that support healthy cell proliferation and lifespan with important metabolic factors of cellular energy to help you live younger, longer.* Alpha CRS+ is formulated to be used daily with xEO Mega® and Microplex VMz™ as a comprehensive dietary supplement foundation for a lifetime of vitality and wellness.*

Concept

Cells are the basic building blocks of all life. Healthy tissues, organs, and ultimately, healthy organisms depend on cellular reproduction and specialized function, energy production, and timely cell death when cells are not functioning at optimal levels. As we age, cellular function can deteriorate and we gradually begin to experience decreased energy and performance. Additionally, cellular stressors including oxidative stress to cellular DNA and other key cell structures and resulting inflammatory response can result in increased frequency of degenerative conditions associated with cellular dysfunction. Providing our cells with essential nutrients and metabolic factors of cellular energy and protecting our cells from toxic stressors that lead to chronic cellular inflammation will support healthy cell function, vitality, and wellness.

DNA and Cellular Function

The human body is made up of millions of specialized cells that are in constant communication with each other through complex chemical pathways. All activity in and between cells is regulated by the DNA in the nucleus of each cell. Healthy cells reproduce, perform specialized functions, and set in motion a sequence of self-destruction when their usefulness declines making way for new, healthy cells. If cellular DNA or other critical cell structures are damaged, this process of renewal can be compromised resulting in a deteriorating condition of the organism.

polygonum cuspidatum, ellagic acid from red raspberry, proanthocyanidins from grape seeds, curcumin from turmeric root, and silymarin from milk thistle that support healthy cell proliferation and lifespan*

- Contains a clinically-substantiated botanical extract of Boswellia serrata standardized for boswellic acid that supports healthy inflammatory response in cells*
- Contains a clinically-substantiated botanical extract of bacopa monnieri that supports mental clarity and function*
- Includes potent levels of metabolic factors of cellular energy: coenzyme Q10, quercetin, alpha-lipoic acid, and acetyl-L-carnitine*
- Made with sodium lauryl sulfate-free vegetable capsules, does not contain milk, wheat, or animal products
- Includes Tummy Tamer™ botanical extract blend to prevent stomach upset*
- Specially formulated to be used daily with xEO Mega and Microplex VMz as a comprehensive dietary supplement foundation for a lifetime of vitality and wellness*

Who Should Use this Product?

Alpha CRS+ is formulated to be used by adults concerned with the degenerative conditions and decreased cellular energy associated with aging.* For maximum benefit, Alpha CRS+ should be used daily with xEO Mega and Microplex VMz as part of dōTERRA's Lifelong Vitality supplement program.

Directions for Use

Adults, take 3 capsules per day with food. Alpha CRS+ is formulated to be used daily with xEO Mega and Microplex VMz.
